the modern shooting
range**

IPSC RIFLE

Electronic target package

Kongsberg Target Systems is a complete supplier of high-quality electronic target systems for outdoor ranges.

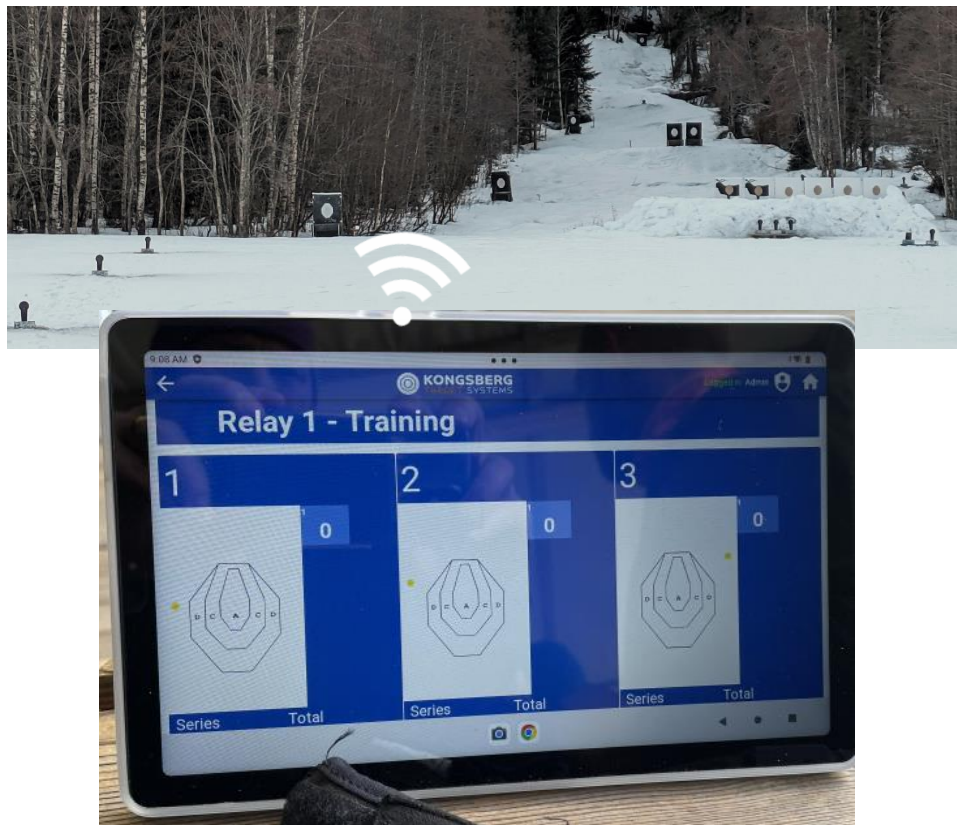

Now, we are presenting wireless IPSC rifle targets in combination with the all-new KONGSBERG eScore™ control system software.

- Three pre-built and user-friendly targets ready for firing. No calibration required.
- Modern and touch-operated monitor.
- Instant and accurate results.
- All wireless. Extremely flexible setup.
- Used for [training by professional teams like H&K Norway](#).
- Thoroughly [tested by Dynamic Sport Shooting Norway \(DSSN\) in harsh conditions](#).
- The only electronic rifle target [approved for competition by IPSC](#).
- In use at World Shoot 2024 in Finland.

For orders or questions, please contact:

sales@kongsberg-ts.no
